HOME EQUITY LOANS  
& THEIR RELATION TO THE RECENT INCREASE  
IN HOME ASSESSMENTS**

The recent increase to home assessments is being met by negativity from many homeowners because a higher assessment can lead to higher property taxes and insurance premiums. While a tax increase to some is simply annoying, for those who are living on a fixed income or struggling to make ends meet, this news is especially burdensome.

However, along with an increase in your home's value comes an increase in your home's equity.

**Home Equity:** the difference between the current value of your home and the amount you still owe on your mortgage.

We can help you tap into that equity with a [Home Equity Loan or Home Equity Line of Credit!](#) You can use the funds from a Home Equity Loan or LOC for just about anything - home improvements, a summer vacation, or to get out of debt.
